

ED 353: Special Education Clinical Experience

An internship in a public or private accredited school. The clinical experience is designed to improve student learning and development by providing a basis for instructional growth through an extended time period in the school setting. This allows the clinical students to consult and collaborate with school faculty, administration and staff to meet educational needs of students. These experiences develop clear, constructive and collaborative personalized interaction between the student, mentor teacher and college supervisor. Also provides a basis for reflection and decision making.

Hours: 4

Fees: \$100 fee.

Prerequisites:

Acceptance into the clinical program.

Program: Education

Semester Offered:

Fall,

Spring
