

# Agribusiness Major

## Mission:

The mission of the Agri-Business Program is to use personal instruction and real world experience to provide students with the skills necessary to succeed in a wide range of agriculture and natural resource based careers.

## Learning Outcomes:

- Recognize and distinguish the unique attributes of food, fiber, and fuel production and marketing.
- Assemble and interpret economic factors affecting local, regional, national, and international markets for agricultural goods.
- Formulate written and oral communication supporting agricultural related topics and concepts.
- Explain and analyze the impact of government policies on resource allocation and distribution.
- Utilize quantitative methods to analyze natural resource based markets and industries.
- Implement and use the key concepts of economics, finance, business law, management, marketing, and quantitative analysis.
